How to enroll in a course:

The courses for coellpd.org are available for self-enrollment (once you have your account created and verified). The process for self-enrollment is as follows:

When you first log in you will be shown to your 'Dashboard' which houses quick information about your account and activity on the site. To enroll click the 'Site home' link in the menu on the left. On this page the courses available will be listed in alphabetical order. Once you find a course that you would like to enroll within in the menu click the item:

- You will then notice on the next page a button that will allow you to 'Enroll me' -> Click this.
- You are now enrolled in the course.

Keep in mind -> when you self-enroll within a course you will have 4 weeks to complete the course. After the 4 weeks is up your access will be removed. If you were not able to complete the course you can re-self-enroll to restart the 4 week attempt.
